

## Connect Youth Mentors

Do you want to make a difference to a young person?  
Become a Connect Youth Mentor

Our Communicare Connect mentoring program aims to make sure our young people have every opportunity to create the future they want. We focus on supporting them to finish school, make decisions about their future and have the confidence to make their dreams a reality.

### What does a Connect Youth Mentor do?

- Our Connect Youth Mentors support students as they finish high school and through the important transition period after finishing school, to help our students gain employment or continue their studies.
- You will build a trusting relationship and friendship and empower young people to create a positive future.
- We will provide you with training and support and match you with a student at our Communicare Academy – a Curriculum and Reengagement in Education (CaRE) school.

### Become a Connect Youth Mentor
